6.	Other notes	
6.1	Fees (tariffs) are expressed in domestic currency (MKD).	
6.2	The calculation period extends from the first to the last day of the month.	
6.3	The fee for holding financial instruments is calculated based on the market value of the financial instruments held on the account.	
6.4	Only payment costs are included in the fees (tariffs), while all other actual costs will be additionally calculated and collected.	
6.5	The actual costs for the foreign markets are determined by the tariff of the foreign bank through which each concluded securities transaction (purchase and sale) is settled on behalf of residents.	
6.6	All other services that are not covered by this Decision on Fees (Tariffs) will be defined in accordance with the official valid tariffs of the regulatory institutions on the capital market.	
6.7	The Bank will collect the fees at the level of individual types of services performed during the operation in accordance with this Tariff.	
6.8	The bank will submit invoices for the different types of services within 5 banking days from the date of the service performed.	
6.9	The deadline for payment of invoices is 8 days from the date of their delivery.	
6.10	VAT, totaling to 18% of the fee amount is not included in the cost of services and is expressed as a separate item within the commissions.
